Before you book your next office meal, ask yourself:

1. Is it important to support a business that keeps your catering spend local and helps area cancer patients?
2. Is trusting a catering service that is always on-time and professional a priority for your office?
3. Is it important to use a marketplace that truly values **you** for your support by giving you **4x more** in rewards than the national monopoly (ezCater)?

If you answered **YES**, Support the Home Team where **EVERYONE WINS!**
